These are just a few examples of brands that are owned by Jews over Pesach and are not acceptable.

Buffalo Trace does have a special run certified by the cRc Chicago that says Kosher on it. This is not Kosher for Pesach. it is Chametz. However, it is NOT "Chametz She'avar Alav HaPesach" (Chametz that remained in a Jew's possession over Pesach), and therefore it IS acceptable.

For a list of problematic bourbons,  
and for bourbons that have no concern, click on links below for the  
cRc Chicago's Liquor List at <https://consumer.crckosher.org/liquor/>
