PROGRAM

יחי אדוננו מורנו ורבינו מלך המשיח לעולם ועד

Welcome!

As we begin the International Kinus HaShluchim, we are pleased to present to you the Kinus program for the year 5787.

"Beruchim Ha'Baim b'Shem Hashem," Shluchei Ha'melech who have come from all corners of the world, near and far, as every year, to gather in "sheves achim gam yochad," and to come up with ideas for how to step up the avodas ha'shlichus, and to prepare oneself and the entire world to be mekabel pnei Moshiach Tzidkeinu, for the nachas ruach of the Rebbe MH"M.

Der Hechshte Tzeit - this is what the Rebbe MH"M calls the period in which we find ourselves, in the final moments of galus, just before the true and complete Geula, and during the past year we have all felt this very keenly.

The Rebbe says that "Shliach," combined with the ten powers of the soul, equals "Moshiach," and through this the Rebbe shows us the way and tells us that we have been given the powers to act with all our soul's powers in order to bring the true and complete Geula.

At the 5787 Kinus HaShluchim, we will all unite, each one with his ten soul powers and all the shluchim from around the world, to bring Moshiach b'poel mamosh!

On Motzoei Shabbos, the central banquet will be held in the magnificent Razag Hall in Crown Heights, kan tziva Hashem es ha'bracha, with an elaborate program to strengthen the singular shlichus of kabbolas pnei Moshiach Tzidkeinu b'poel mamosh!

The Gateway to Shlichus

Today's farbrengen is being held at the beginning of the International Conference of Shluchim. It must be emphasized that the task of the shluchim in the present age, and in particular at this time, is to prepare for the acceptance of Moshiach and the advent of the ultimate Redemption.

This is the task facing every Jew, for we are all shluchim of G-d as is obvious from the Mishna's statement, "I was created solely to serve my Creator." In particular, however, this concept is relevant to those individuals who have merited to serve as the shluchim of the Previous Rebbe and dedicate their entire existence to this mission.

To explain: Although as a whole, our shlichus is constant and unchanging, from time to time, a different dimension of the shlichus receives emphasis. At that time, that dimension permeates the entire shlichus and defines its character, serving as the gateway through which the entire shlichus ascends. Surely, this applies in the present instance, when the emphasis is on such an essential and all-encompassing point, preparing for Moshiach's coming.

As mentioned repeatedly in the past, we are not speaking about a matter of the distant future, but rather a present and immediate concern. Our Sages declared that "all the appointed times for Moshiach's coming have passed." We have completed all the service required of us, even -- to borrow an expression from the Previous Rebbe -- "having polished the buttons." Thus in principle we are prepared to receive Moshiach, and the shlichus of our generation centers on preparing us to receive Moshiach in practice!

...And this is the task of the International Conference of Shluchim: First and foremost, to make a public statement that this is the task confronting us -- to prepare ourselves to accept Moshiach. Every aspect of our service and every dimension of our activity must be directed to this goal.

Kinus Registration

To ensure the Kinus runs in a smooth and orderly fashion, early online registration is highly encouraged, and is available at the website, Kinus.info. Shluchim who register online can bypass the registration line upon arrival, and immediately receive their admission passes.
